"Sunbeams imprisoned that fall to earth and grow;
 The lovely ling'ring blush of sunset afterglow;
 The whiteness of the snows, a gleam of garish gold,
 A wave of royal purple, a dash of yellow bold."

--Grace Nine Dalzell

This list of Irises is presented in full confidence that it represents in a very unusual degree the finest varieties of recent introduction. The selection very largely was made by one of the leading Iris connoisseurs in this country, an Iris lover who repeatedly has sought the original sources of fine Irises by personal visits to the notable gardens of Europe, England and America, who has made a special study of the "rainbow flower" during many years and who has made a most noteworthy success in promoting the distribution of the really fine varieties.

Visitors are always welcome during the flowering season, which is usually from the middle of May to near the end of June. The present season promises an especially generous showing of such fine and new varieties as, --Aphrodite, Bruno, Cardinal, Conchobar, Evadne, Germaine Perthuis, Glamour, Geo. J. Tribolet, Majestic, Moa, Morning Splendor, Olive Murrell. In addition we hope to have some bloom from the following and other varieties which were added only last season, --Magnificent, Sante Barbara, Yellow Moon, Frieda Mohr, Valencia, Glowing Embers, William Mohr, Balboa, Mrs. Marion Cran, Ariel, Allies, Amber, Lady Byng.

In addition to a large planting of fine Irises, there are more than 100 Peonies of the finest named varieties and a collection of Oriental Poppies in nearly 50 named varieties which are always a great attraction.

Terms: Cash with order. Remittances may be made by check, money order, bank draft or registered mail.

Prices quoted are net cash with the exception that 5% may be deducted on orders for named varieties amounting to \$10 or more and 10% on orders of \$25 or more. There is no discount on prices quoted for special offers made in this list.

Our customers will be greatly pleased to note the great reductions made in prices of many varieties in this list amounting in some cases to more than 50% of the prices charged last season.

Orders will be filled in rotation as received. Early orders are highly advisable, as stocks of some varieties are very limited. We reserve the right to refund money paid for plants which for any reason beyond our control we are unable to supply. Shipment will be made as soon as possible after the blooming season, beginning about July 1st. All orders at prices quoted in the list will be shipped prepaid, in the United States or Canada by parcel post or express at our option.

IRISES OF PERSONALITY
1929

"Wondrous flower of song and story,
Earthly rival of the rainbow's glory.
Walter Stages

We do not substitute unless requested to do so.

Underscored varieties are included in the list of 53 best varieties for home planting, regardless of price, selected by the Commercial Peony and Iris Growers' Association.

Orders amounting to less than \$2 are not solicited.
* * * *

The Iris well deserves to be called the garden flower of America. And it has been voted our most popular garden flower by the members of the Garden Club of America. With its dainty refinement and with the delicate poise of the Orchid, it presents a wider range of coloring, will withstand more neglect and abuse and will thrive under more widely varied and less favorable conditions than any other garden flower. But it is at its best if planted in rich, well drained soil and in a position open to full sunshine.

Said the lamented B. H. Farr in speaking of this wonderful "Flower of Light", "Mysterious as the opal with its ever-changing fire, its marvelous structure more wonderful than the Orchid, so fragile as to be crushed by the slightest pressure, its beauty seems wholly ethereal, making you dream of far-away things--like the smoky clouds at dusk, or the rainbow glistening in the sun. If you yield to the magic spell of the Iris, it will lead you across the border into a wonderland of delight."

SEEDLINGS FOR LANDSCAPING. For some years we have been raising seedlings, using only our best varieties as seed parents. These seedlings present a splendid array in various colorings, representing all the types of bearded Iris. Many of them are fully equal to varieties which have been introduced within three or four years but too nearly like them to be listed as new commercial varieties. They are just the thing for landscaping, or where a large show of flowers from a moderate investment is desired. While they last--

100 rhizomes for \$4; By express, charges collect.
Not less than 50 at the 100 rate.

SPECIAL OFFERS. When the selection is left to us, for a limited time we will send double values, less transportation charges.

This means \$10 value for \$5; \$50 value for \$25, etc. No order received on this basis for less than \$2 net. You may indicate any preference as to colors and whether Irises of low, medium or higher prices are desired.

(1) INTRODUCTORY COLLECTION

"No garden can really be too small to hold a Peony. Had I but four square feet of ground at my disposal, I would plant a Peony in the center and proceed to worship."

Mrs. Edward Harding

Fine Peonies, because of their all-around dependability, their sturdiness, their exquisite beauty and delightful fragrance, have a peculiar fascination for flower lovers. Most of the varieties in the following list are real aristocrats in the Peony world.

Peony roots are best planted at any time in the fall, beginning about the middle of September. All orders for Peony roots will be shipped during this period. Prices are for standard divisions with three or more eyes.

A discount of 15% from list prices will be allowed when selection of varieties is left to us.
